

AIR FREIGHT WITH APPROVED

A complete solution, for your global supply chain

Single Source

To give you full control

From door-to-door, our team of experts ensures your freight is always in the right hands. We have a diverse network of assets and partners working to maximize your return. You will have peace of mind knowing your shipments are safe at all times.

Our warehouses in Los Angeles, Hawaii, and Guam make phase planning for projects simple. By choosing Air Freight with Approved you'll have access to over 300,000 sq. ft. of strategically located storage space.

We have 8 locations staffed with industry experts, updating you at every step of the process. You'll always know where your goods are in their journey. Our staff will bring you consistent information and solutions as you

move **Forward** with **Approved**

Experienced Team

To assist you every step of the way

Our Air Freight Team has decades of experience sourcing affordable freight transportation for all industries. We are dedicated to finding solutions that best fit the reality of our clients. Your biggest challenges are our best work.

Types of Service

To fit your specific needs

No matter what your budget and time table we can find the best option for you. We offer many service options including:

- Expedited
- Deferred
- Haz-Mat
- Perishable
- Oversized

Your freight at the **Right Time**

Our approach to supply chain management is delivering your freight at the *right time*. By designing a solution around a full-scope of work, we can anticipate what is needed, and when it needs to be there.

With a centralized hub near *Los Angeles International Airport (LAX)*, we provide timely service to anywhere in the world. Our technology gives us insight into the market, and allows us to plan more accurately.

If you are looking to restock retail shelves, phase plan for a project, or fulfill your customer order, we can help.

Revitalize your US Supply Chain, boost your business, and increase your competitiveness in the International Market by making Air Freight with **Approved** your choice.

We Also Offer

Specialized Transport

We provide access to charter service, courier service, intermodal transportation and transloading of freight. So you won't have to find another carrier.

Tracking & Tracing

Through our simple to use online portal you'll be able to track your freight in real-time. Know where your freight is at all times.

Complete Supply Chain

Our Air Freight customers have complete access to our logistics assets. Ocean freight, LTL & FTL, Warehousing & storage, we have the right solution for you.
